PROFILE

Adaptive Computer Applications professional pursuing an MCA with an outstanding BCA record (83%). Adept in modern web development technologies—including Python, SQL, React, and JavaScript—paired with strong organizational and team management capabilities. Passionate about solving complex problems, streamlining development workflows, and contributing to high-impact software projects.

Professional Experience

Role Title: Python & SQL Developer Intern

Company: The Idea Gen Technologies (in collaboration with E-Cell, IIT Tirupati)

Duration: Dec 2024 – Mar 2025

- Completed a 3-month intensive internship focused on **Advanced Python with SQL**.
- Developed robust backend scripts and managed relational database schema design using **Python and SQL** to ensure data integrity.
- Optimized database query performance and automated data workflows across multiple client-oriented development modules.
- Conducted rigorous unit testing, bug fixing, and evaluation phases to maintain high software performance and code accuracy.
- Collaborated with cross-functional technical teams under guidance from E-Cell, IIT Tirupati to build scalable application solutions.

SKILLS

- **PROGRAMMING LANGUAGES** : Python, Sql, JavaScript
- **WEB TECHNOLOGIES** : Html, Css, ReactJs
- **DATABASE TECHNOLOGIES** : Sql, Database Management
- **VERSION CONTROL** : Git, GitHub

PROJECTS

Car Collection Showcase Web Application

Tech Stack : HTML, CSS, JAVA SCRIPT

GitHub : Shaik-Hamid-max/Car-Collection 🔗

- Car Collection Showcase Web Application | HTML5, CSS3, JavaScript (ES6)
- Engineered a multi-page interactive web application featuring a secure authentication interface, persistent state features, and an external catalog discovery ecosystem.

- Developed a global, real-time search utility deployed across all pages using JavaScript string-matching and filtering methods to let users instantly query and find specific car models.
- Implemented custom JavaScript DOM manipulation to deliver global features across all views, including an on-demand "Back to Top" navigation utility and a dynamic Dark/Light theme toggle to optimize user readability.
- Developed an intuitive multi-tiered routing layout structuring 6 primary automotive brand categories that dynamically navigate to dedicated deep-dive pages displaying 30 distinct individual car models.
- Optimized user navigation by designing a responsive navigation bar equipped with context-aware deep links, including an external integration layer directing users to broader global car inventories.
- Enforced clean UI/UX standards using modern CSS grid/flexbox architectures to ensure strict responsive card components, fluid hover transitions, and a seamless transition from login to catalog viewing.

CERTIFICATES

Advance Python with Sql

Succesfully completed Advance python with Sql from Idea Gen Technologies.

EDUCATION

Masters of Computer Application(MCA) 2025-2027 RVIT College

Chebrolu, Andhara Pradesh, India

Relevant Courses : Database Management System, Software Engineering, Java Programming, Computer Networks

Status : Pursuing

Bachelor of Computer Application(BCA) 2022-2025 Shree Velagapudi Ramakrishna Memorial College, Nagaram, Andhara pradesh, India

Score : 8.97/10 GPA

Relevant Courses : Database Management System, Softwer Engineering, Java Programming, Computer Networks, Html,Css

- Ranked among **top performers** in the program.

MPC in Intermediate,2017-2019 Nagarjuna Junior College Cherukupalli, Andhra Pradesh, India

Score: 7.03/10 CGPA

Relevant Courses : Human ethics, Environmental Resources

Board of Secondary Education 2016-2017, Vanajha Chandra Public High School, Gudavalli, Andhra Pradesh, India

Score : 9.2/10 CGPA

LANGUAGES

English : Proficiency in both Reading & Writing, **Hindi :** Proficiency in both Reading & Writing,

Telugu : Proficiency in both Reading & Writing, **urdu:** Proficiency in both Reading & Writing

DECLARATION

I hearby declare that all the information provided in this resume is true and accurate to the best of my knowledge
